

## **Application and Presentation for the English Presentation Award at the 96th Annual Meeting**

The Japanese Tissue Culture Association (JTCA) awards the English Presentation Award (EPA) to encourage members to improve their ability to communicate internationally and to revitalize the JTCA. The regulations have been revised as of the 96th Congress, and EPA abstracts will be accepted under the new regulations. This will be a good opportunity to test your skills in preparation for presentations at international conferences. I look forward to the active application of all members of the JTCA.
